Contests

We make braces fun! At SmilingYangs we deliver the highest level of orthodontics in a fun and caring manner. At the start of every season we hold a fun contest where everyone gets involved. Our autumn contest was "It's Fantastic to Wear Elastics!" We had a jar filled with bags of orthodontic elastic bands, and our patients had to guess how many bags were in the jar (87). Our winners were Martha Marquez, mother of our patient Santiago Marquez; Alec Friedman and Nicholas Lebrao. Our winter contest was "It may not be snowing in Florida, but here at SmilingYangs we have snowflakes!" Congratulations to our winner Katherine Lasso who guessed 173, shown above with Dr. Yang.

All our winners received a free Oral-B Toothbrush, the most technologically advanced toothbrush that provides extraordinary cleaning and improves brushing habits.

Are you ready for our spring contest? Come and guess how many heart candies we have in the jar, and you could be the winner of an Oral-B Toothbrush.

Traveling with Braces

While you may not be triggering any alarms at airports or security checkpoints, it's very important to remember these key points when traveling with your braces:

Brush and floss! Pack your Oral-B Triumph Toothbrush. Its rechargeable batteries will last up to 2 weeks without recharging. Don't forget floss, floss threaders, wax.

Be careful with what you eat or chew: Avoid chewy, crunchy, sticky, and hard foods. Avoid chewing on hard things, like pens, pencils, fingernails.

Retainers: Wear your retainers full time. Take them out when eating and always put them in their protective case. Keep them away from hot water and don't leave them in a hot car. Don't lose them by leaving them wrapped in a napkin or on trays at school or in restaurants. Don't leave them in pockets so they don't end up in the washing machine.

If you play sports: A mouth guard is strongly advised. In case of any accidents involving the face, check your mouth and your braces immediately.

Emergency phone numbers: Don't forget SmilingYangs' phone number and find a local orthodontist.

Inspired Relationships

The rewards of our relationship keep on growing! Every season has a way of inspiring thoughtful moments, and they often turn into wonderful relationships. When you refer your friends and family, you are placing your relationships in our care.

Your trust and confidence are so important to us that we have introduced our Care Enough to Share referral reward program. Each time you refer a friend or loved one to our practice, you

will receive \$10. When your loved one or friend starts treatment, you will receive \$50. You could receive a total of up to \$60! Your loved one or friend will receive state-of-the-art orthodontic treatment and save money. This is a lifetime investment in oral health that includes: Free consultation, complementary x-rays, complete plan of treatment, and \$300.00 off when they start treatment the same day.

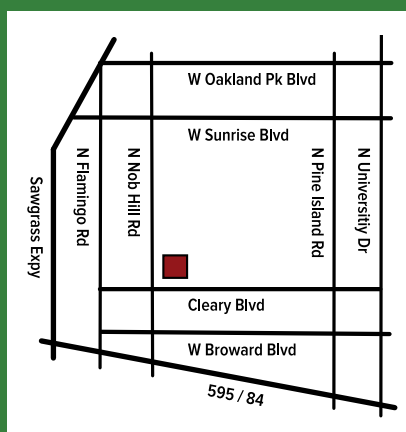

The Gift of Giving Oral Health

Knowing that you've taken care of someone also makes us feel good! For every season and for every occasion at SmilingYangs we have the best gift of all: Oral Health. The latest and most technologically advanced Oral-B Triumph Toothbrush is highly recommended by Dr. Yang. Using an electric toothbrush is part of a three-step hygiene program designed by SmilingYangs Orthodontics to boost oral health and hygiene practices.

This electric toothbrush improves gum health, provides ultimate plaque removal, polishes your teeth and removes stains, notifies you when you're brushing too hard, and promotes optimal brushing habits.

It can be used by more than one family member, since brush heads are interchangeable.

The Triumph toothbrush significantly improves overall oral health, reducing the chances of complicated dental treatments. With a retail value of up to \$150, the Triumph Toothbrush is available at SmilingYangs for only \$74 after two (2) mail-in rebate coupons.

Condolences

We extend our heartfelt condolences to our patients and their loved ones:

- Daniel Rubin on the loss of his best friend, Anthony Almonte, who died in a car accident on November 14
- Jeremy Clark on the loss of his cousin
- Virshan Seepersad on the loss of his grandmother, who passed away on October 23

Patient's Promise to Dr. Yang

- I will wear my rubber bands as instructed.
- I will make all my appointments to assure that my braces come off on time.
- I will strive to receive a token at every appointment for good hygiene.
- I will keep my retainers in their case (when not wearing them), and away from the dog.
- I will smile more often in 2010.
